Our summary

The Bessemer City Board of Education wants a licensed security contractor to supply armed, uniformed officers and related support across district facilities and school athletic events. Work is split into four separately priced categories: high school entrance security, alternative school incident response, football and basketball event security, and optional truancy courier deliveries. Officers would supplement, not replace, school resource officers and law enforcement, and they would not carry out discipline or unauthorized searches. Staffing levels for each event would be set by the district, and no minimum volume is guaranteed. Bidders must hold Alabama licensing, complete background and child-protection checks, document training, carry required insurance, and supply a supervisor, relief coverage, and written emergency procedures. Responses should include a signed cover form, W-9, licensing evidence, insurance proof, three references, a staffing plan, and a per-officer hourly pricing schedule. Sealed proposals go to the Director of Technology and Cybersecurity at the district office. Questions must be emailed with a specified subject line.
