Our summary

The Healthcare Foundation of New Jersey is seeking proposals from healthcare systems and community-based organizations that serve older adults. The work targets the Newark area and the Jewish community of Greater MetroWest New Jersey. The initiative aims to help older residents remain in their homes, preserve their independence, stay socially connected and take part in community life, and improve access to age-friendly healthcare and coordinated care. The foundation expects to make roughly five to seven awards of up to 175,000 dollars each during 2027. Applicants are encouraged to form partnerships across organizations and to propose innovative approaches grounded in proven practices. Interested organizations should submit an online form by the stated December deadline. An informational webinar on November 17, 2026 at 9:30 AM gives applicants a chance to ask clarifying questions before the deadline. Written questions and general inquiries can be directed to the program officer, Sara Gorman, by email or phone. The full request document is available for download from the foundation's page.

Federal award history doesn't apply to this issuer

Federal award history covers federal contracts only. For state, local, education, private and non-profit RFPs, market context comes from the RFPs RFP Detector has seen: how active this issuer is, how many similar RFPs appear in the same state, and the typical published value once enough of them state one. With no history yet, these factors are scored as neutral.
