Our summary

The City of Lake Worth Beach in Florida is seeking a vendor to deliver a turnkey drone aerial light show of about 300 drones for its Fourth of July celebrations. The contract covers the 2027, 2028 and 2029 shows, with the city holding discretion to add two single-year renewals for 2030 and 2031. Required services include creative design, compliance with FAA rules, safety and risk mitigation, logistics, the live show itself and post-show procedures. The full scope appears in an attached exhibit. Respondents must hold a registered vendor account and be enrolled as a plan taker on the city's bidding system to download documents and receive addenda. Submissions must be made electronically through that system only; hard copy, email and in-person delivery are not accepted. The system timestamp governs, and late proposals will be rejected. Interested firms should review the exhibit closely and plan extra time for upload before the deadline.
