Our summary

Denver Public Schools is seeking a contract supplier for the purchase and delivery of commercial food service kitchen equipment. The requirement spans several equipment families, including milk coolers, cold storage and refrigeration units, thermal processing, cooking and steam equipment, holding, warming and serving items, and food preparation and processing machinery. The award is intended to establish a standing agreement from which the district can order these items over time. Vendors should review the solicitation documents for detailed specifications, quantities, delivery requirements and pricing forms. The page itself does not list the required response format or submission channel, so interested suppliers should obtain the full bid package from the district and follow its instructions closely before the closing date. Completed responses must be received by the stated close date, so planning should begin early to allow time for pricing and compliance review.
