The provider would keep township computers, servers, printers, mobile devices and network equipment working, offer help desk and on-site support, and manage the network, user accounts and access rights. Responsibilities also cover backups and disaster recovery, Microsoft 365 and cloud applications, phone and internet services, security patching, cybersecurity measures, and vendor coordination. Submissions go in a sealed envelope to the municipal building, with one USB copy in PDF and six hard copies. Selection weighs experience, staff qualifications, responsiveness, references,...
